

Multicell text shrinking feature

Height: 50

This **TCPDF add-on** allows creation of an **Advanced Multicell** which uses as input a **TAG based formatted string** instead of a simple string. The use of tags allows to change the font, the style (**bold**, *italic*, underline), the size, and the color of characters and many other features.

Features:

- Text can be **aligned**, **centered** or **justified**
- Different **Font**, **Sizes**, **Styles**, **Colors** can be used

Height: 40

This **TCPDF add-on** allows creation of an **Advanced Multicell** which uses as input a **TAG based formatted string** instead of a simple string. The use of tags allows to change the font, the style (**bold**, *italic*, underline), the size, and the color of characters and many other features.

Features:

- Text can be **aligned**, **centered** or **justified**
- Different **Font**, **Sizes**, **Styles**, **Colors** can be used

Height: 30

This **TCPDF add-on** allows creation of an **Advanced Multicell** which uses as input a **TAG based formatted string** instead of a simple string. The use of tags allows to change the font, the style (**bold**, *italic*, underline), the size, and the color of characters and many other features.

Features:

- Text can be **aligned**, **centered** or **justified**
- Different **Font**, **Sizes**, **Styles**, **Colors** can be used

Height: 20

This **TCPDF add-on** allows creation of an **Advanced Multicell** which uses as input a **TAG based formatted string** instead of a simple string. The use of tags allows to change the font, the style (**bold**, *italic*, underline), the size, and the color of characters and many other features.

Features:

- Text can be **aligned**, **centered** or **justified**
- Different **Font**, **Sizes**, **Styles**, **Colors** can be used

Height: 10

This **TCPDF add-on** allows creation of an **Advanced Multicell** which uses as input a **TAG based formatted string** instead of a simple string. The use of tags allows to change the font, the style (**bold**, *italic*, underline), the size, and the color of characters and many other features.

Features:

- Text can be **aligned**, **centered** or **justified**
- Different **Font**, **Sizes**, **Styles**, **Colors** can be used
